

"We started out as strangers. We ended as friends." MEMORY MAKERS participant

MEMORY MAKERS

Early-Stage Memory Loss Educational Support Group

MEMORY MAKERS provides educational, emotional and social support for individuals with a diagnosis of early-stage dementia and their care partners. The group helps participants develop methods and skills to solve problems and encourages them to maintain personal, physical and emotional health, as well as to foster support networks.

Durham, NC: Thursdays, 1-4 pm

Program is free. Registration is required.
